## NEW BOOKS

### **Legal Reasoning and Legal Writing: Structure, Strategy, and Style** by Neumann, Richard

5th ed., 2005  
ISBN: 073554655X  
Call No: 05BD033

This edition of the renowned Legal Reasoning and Legal Writing: Structure, Strategy, and Style text — based on the premise that students gain a better understanding of legal reasoning and legal writing when the two are taught together — continues to offer complete coverage of how to form a legal argument and write an effective legal memorandum. With examples and exercises included throughout, the book's sweeping coverage includes:

Writing an office memo, a motion memo, and an appellate brief;

Chapters on oral argument, client letters, and client interviewing;

A detailed description of the paradigm for organizing a proof of a conclusion of law - considered to be the best explanation in any legal writing text;

Thoughtful examination of legal reasoning covering all aspects from rule-based analysis to the strategy of persuasion;

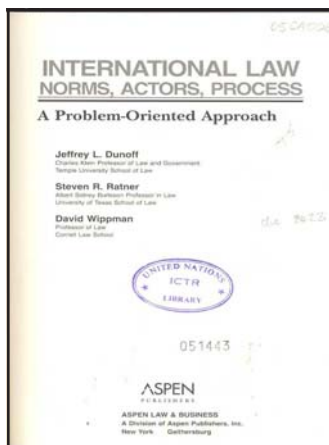

An in-depth discussion of the process of writing, style, and grammar, including instruction on the process of writing, as well as the mechanics of style and grammar;

Appendices containing an office memo, motion memo, and two appellate briefs;

A new section on the ALWD Citation Manual: A Professional System of Citation - the highly successful book that offers a new alternative to legal citation;

New sample documents in the Appendices including a new sample client letter and motion memorandum.

### **International Law: Norms, Actors, Process** **A Problem-Oriented Approach**

by Jeffrey Dunoff, Steven R. Ratner, David Wippman

ISBN: 0735526168  
Call No.: 05CA006

Instructors want to explore the processes of international lawmaking through an interdisciplinary approach and problem pedagogy will welcome this new casebook from an outstanding author team.

The authors lead students from fundamental to sophisticated topics, through 14 chapters organized into six parts:

- Introduction to International Law and Lawmaking
- Participants in the International Legal Process
- The Interaction of International and Domestic Law
- The Protection of Human Dignity
- Interdependence and Integration: The Challenge of Collective Action Problems
- Challenges to International Law

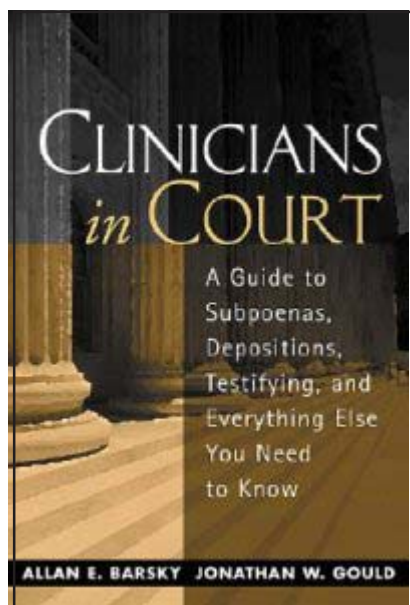

In addition to its emphasis on lawmaking and decisionmaking in the international arena, this new casebook is distinguished by its:

- excellent authorship; all three contributors are distinguished young scholars known for the quality of their writing
- problem approach, using real-life examples to illustrate key topics such as state formation (the former Yugoslavia), corporations as international legal actors (the apparel industry in developing states), constructing an environmental regime (protecting ozone layer), the tensions between trade and environmental politics (the tuna-dolphin problem), and responding to uses of force (the Gulf War)
- emphasis on the creation of implementation, and interpretation of international norms
- interdisciplinary materials, incorporating perspectives from economics, political science, and critical and feminist legal studies
- coverage of cutting-edge topics, including International Criminal Law; Environmental Law and regulation, and trade and investment
- use of maps, photographs, and other visual material to enliven the text
- manageable length, well-suited to an upper-level course

## **Clinicians in Court: A Guide to Subpoenas, Depositions, Testifying, and Everything Else You Need to Know**

**By Allan E. Barsky and Jonathan W. Gould**

New York, Guilford Publications, 2002, 256 pp.

ISBN: 1-57230-788-9

Call No.: 05ME039

Nonlawyer clinicians and therapists ensconced in any of the variant substrata that, broadly and collectively, constitute medicine and human services may be tempted to look warily askance at the legal system as an inscrutable and potentially disquieting realm. Indeed, whereas clinicians are accustomed to working therapeutically and collaboratively, the bedrock of the legal infrastructure is unabashedly adversarial in nature. In this vein, the masterful book *Clinicians in Court* should be a great practical boon to nonlawyers who desire some basic understanding of the unfamiliar province of law.
